The Budget Committee should establish the process by which you will receive public input – some ideas for you to consider:

Allow 30 minutes for public input within the first hour after the meeting begins

If there is more than one person to speak, divide the time evenly for each person

Allow 30 minutes for public input during the last hour of the meeting

Allow the public to submit specific questions in writing that could be answered at a later time or at the time when the subject is being discussed
